870-X-2-. 03 Requirements For Licensure.

(1) Upon receipt of the licensure application and payment of the licensing fee, the Board may grant licensure to any person certified by the American Speech-Language-Hearing Association that is, holding a currently valid Certificate of Clinical Competence (CCC) or an equivalent certification from an accrediting Association or Academy in the area for which licensure is applied. A license may be granted in either speech-language pathology or audiology. Licenses in both speech-language pathology and audiology may be granted to an applicant who requests both licenses and who are certified in both areas. The fee will be twice that of a license in a single area. 2-4 Speech-Language Pathology and Audiology

(2) Persons without the CCC (not holding a currently valid Certificate of Clinical Competence from the American Speech-Language-Hearing Association) or an equivalent certification from another accrediting Association or Academy must meet the following:

(a) Education Requirements. Submit official transcripts from one or more accredited colleges or universities approved by the Board, showing evidence of possession of at least a Master's degree, the completion of academic requirements preceding the **Fourth Year Internship** in Au.D. programs or the equivalent in speech-language pathology or audiology. The word "equivalent" as stated in the Code of Ala. 1975, §34-28A-1 is defined in these Rules and Regulations as being equal to or greater than requirements for the Master's degree or Doctorate of Audiology degree.

(b) Practicum Requirements. Provide documentation (letter on university/college letterhead with original signature) from the director of the training program that the individual meets the clinical requirements commensurate with the training program and degree (specifically defined in the document). The practical experience was obtained under the qualified supervision within the training institution or one of its cooperative training programs.

(c) Written Examination Requirements. See Chapter 870-X-3.

Requirements:

333.16811 Requirements for licensure. Sec. 16811.

(1) The department shall require an individual granted a license under this article as an audiologist to meet either of the following requirements:

(b) Possess a doctoral degree in audiology from a regionally accredited college or university approved by the board; have completed at least 9 months of supervised clinical experience in audiology; and have successfully completed an examination in audiology as described in subsection (2) or (3).

(2) The department, in consultation with the board, shall provide that applicants pass an examination dealing with all aspects of the practice of audiology before issuance of a license under this part. The department, in consultation with the board, may develop its own examination and may promulgate rules to establish standards for that examination or for the adoption by reference of an examination, or parts of an examination, developed by an outside entity that it determines offers an appropriate examination. If the department adopts all or part of an examination developed by an outside entity, the department may promulgate rules to adopt by reference any supplement or update to the examination.

(3) Beginning on the effective date of this part and until 1 or more examinations are developed or adopted under subsection (2) the PRAXIS examination in audiology, developed by educational testing services, in existence on the effective date of this part is adopted by reference and considered acceptable for qualification of applicants under this part. Not later than June 30, 2005, the department, in consultation with the board, shall make a recommendation on whether to develop its own exam, adopt an exam developed by an outside entity, or continue to accept the PRAXIS exam and any update pursuant to rule as further described in subsection (2). The department shall notify the house and senate standing committees on health policy matters of its recommendation.

(4) Notwithstanding subsections (2) and (3), the department shall grant a license to a person who, on the effective date of this part, has been engaged in the practice of audiology, who meets the requirements of subsection (1), who applies for licensure under this part, and who presents to the department proof of passing any past or present version of the PRAXIS exam in audiology or any past or present version of its predecessor, the national teachers examination on speech and language pathology and audiology, both of which were developed by educational testing services. Passage of those exams is considered fulfillment of the examination requirement of this subsection. The past and present versions of the PRAXIS exam in audiology and all versions of its predecessor, the national teachers examination on speech and language pathology and audiology, both of which were developed by educational testing services, are adopted by references for purposes of this subsection.

MISSISSIPPI

State Code: https://msdh.ms.gov/msdhsite/_static/resources/571.pdf

Requirements: Rule 10.4.2 Qualifications for Licensure:

1. Education

a. Education qualifications deemed equivalent to those specified in Section 73-38-9 shall be at least a master's degree, e.g., M.S., M.A., M.Ed., in SLP, communicative disorders, or speech and hearing science or a doctoral degree in audiology from an institution recognized by the State Board of Health. Licensees currently licensed as an audiologist with a master's degree will be "grandfathered" in and will remain licensed so long as they maintain their national certification. In addition, applicants for an audiology license who are already licensed as an audiologist in another state with only a master's degree will be accepted for licensure in Mississippi if they are currently nationally certified.

b. Institutions recognized by the State Board of Health within the meaning of Section 73-38-9 shall be those institutions with academic programs accredited by the American Speech-LanguageHearing Association or any other national accrediting body deemed appropriate by the Board

2. Supervised Professional Employment

a. The applicant must have obtained the equivalent of nine (9) months of full-time professional experience (the Supervised Professional Employment) in which bona fide clinical work has been accomplished in the major professional area (speech-language pathology or audiology) in which the license is being sought. Fulltime employment is defined as a minimum of thirty clock hours of work a week. For applicants awarded a master's degree, the Supervised Professional Employment Plan (SPEP) must begin after the degree has been awarded. For applicants awarded a doctoral degree, the SPEP requirement may be met prior to awarding of the degree, provided the equivalent of the SPEP is an integral part of the course of study which leads to the awarding of the doctoral degree. For applicants awarded a doctoral degree from institutions that do not incorporate the equivalent of the SPEP into the degree-granting process, the SPEP must begin after the degree has been awarded.

b. Professional experience is construed to mean direct clinical work with patients, consultations, record keeping, or any other duties relevant to a bona fide program of clinical work. 80% of full-time clinical experience and 100% of part-time clinical experience will be in direct clinical contact with persons who have communication handicaps. Time spent in supervision of students, academic teaching, and research, as well as administrative activity that does not deal directly with management programs of specific patients or clients will not be counted as professional experience in this context.

c. An applicant desiring to complete the Supervised Professional Employment Experience must apply to the Board for a temporary license on a form available from the Board and must demonstrate that he is or will be supervised according to Rule 10.4.5 of these regulations.

3. The National Examinations In Speech-Language Pathology and Audiology:

a. The applicant must have passed a National Examination in Speech-Language Pathology and Audiology, either the National Exam in Speech-Language Pathology or the National Examination in Audiology.
