

2024 Sponsorship and Promotional Opportunities

Raise your visibility. Build your brand. Make an impact.

Position your company as an industry leader by partnering with the American Academy of Audiology—the world’s largest professional organization of, by and for audiologists.

Access and Influence the Audiology Marketplace

Representing the interests of audiologists and future audiologists, the Academy is dedicated to fulfilling its mission: providing quality hearing-care services through professional development, education, research, and increased public awareness of hearing and balance disorders.

The Academy brings you unprecedented impact and reach through the most comprehensive suite of organizations, events, products and publications in the audiology industry.

Connect your brand and show your industry support/commitment to the following suite of Academy properties.

- **AAA+HearTECH Expo** is your chance to engage thousands of Academy member and non-member audiologists all in one place all at one time.
- The **American Academy of Audiology Foundation’s (AAAF)** and their mission is to promote philanthropy in support of research, education, and public awareness in audiology and hearing sciences.
- The **Student Academy of Audiology (SAA)** is an organization of, by, and for student audiologists. The SAA is a direct connection between students and their future professional home and discipline.
- The **American Board of Audiology (ABA)** is a certification organization dedicated to enhancing audiological services available to the public by working with expert practitioners across the globe to create universally recognized standards in professional audiology practice.
- The **Accreditation Commission for Audiology Education (ACAE)** is a certification organization dedicated to recognizing, reinforcing, and promoting high quality performance in AuD educational programs through a rigorous verification process.
- **Academy Research Conference** brings the industry’s best and brightest together to address key areas of research like age-related hearing and balance decline.
- **eAudiology** is the audiology industry’s go-to online learning resource for live and on-demand web seminars, AAA+HearTECH Expo conference sessions, and certificate programs.
- The Academy flagship publication, **Audiology Today** is the award-winning, bi-monthly magazine of, by, and for audiologists.

Why Sponsor?

HearTECH Hub Package **SOLD OUT!**

\$22,000 each

Join the industry leaders in the heart of the HearTECH Expo is the HearTECH Hub—an area where attendees gather to learn about the latest technology, industry trends, and emerging needs in hearing health. Attendees will get a glimpse of what the future may hold for audiology, and it's an opportunity for companies to display and showcase their products and services, technology, innovation, thought leadership, and overall support of the audiology profession.

Sponsorship benefits include:

- Opportunity to host a 30-minute educational session in the Hub—your company will determine the topic, identify the speakers(s), and develop the content. CEUs will be made available to attendees of this session.
- Company representative to participate in our 60-minute “Future Forecast” Q&A discussion in the Hub—your company’s CEO or other high-level representative will offer their thoughts on the future of audiology. CEUs will be made available to attendees of this session.
- Branded kiosk in the lounge section of the Hub—attendees will be able to easily find you and engage with you at a branded kiosk as well as see your products showcased in plexiglass display cases.
- Logo recognition in signage in the Hub and on your company’s kiosk.
- A 30-second company commercial to be hosted on the AAA Annual Conference website.
- Promotional literature in the conference tote bags.
- Industry Update Session—Industry Updates, held in classrooms on the expo floor, are designed to provide attendees with information focused on product training and/or demonstration. CEUs will be made available to attendees of this session and promoted with all other conference education.
- Recognition in special pre-show promotions for the HearTECH Expo and the HearTECH Hub, in the printed conference guide, in the session listings in the Online conference planner, and on signage.
- Four complimentary expo-only passes (no CEUs). If your company **does not** have exhibit space in the hall in addition to the Hub kiosk, expo-only passes may be purchased for \$300 each. If your company does have an exhibit space in the hall in addition to the Hub kiosk, you can purchase additional tickets at \$50 each.

American Academy of Audiology Foundation (AAAF)

The American Academy of Audiology (AAA) Foundation's mission supports education, research, and public awareness in audiology and hearing sciences. Its many programs and initiatives impact audiologists, audiology students, and those with hearing loss and balance disorders. The AAA Foundation is a 501(c)(3) nonprofit organization.

Student Travel Grants

\$1,750 per student

Part of the Foundation's primary mission is to support education. To foster support for future audiologists, the Foundation would like to offer travel grants for students to participate and attend AAA2024+HearTECH Expo. Not only does this provide educational opportunities to students, it also provides a platform for networking and mentorship, meeting industry representatives, and allowing students to have the experience of everything the Academy offers at its annual meeting.

Travel grants also include membership in the Student Academy of Audiology (SAA), which represents the collective voice of audiology students. The SAA is committed to serving students of all backgrounds pursuing careers in audiology including advancing their rights, interests, and welfare. The SAA provides an abundance of resources and a wealth of information for students to get started.

Sponsorship benefits include:

- Recognition on Foundation and SAA websites.
- Recognition of sponsor will be on all application and promotion materials.
- Sponsor will receive recognition on a post-annual meeting news article.

AAAF Research: Research Grants in Hearing and Balance

\$2,500 minimum

As the Academy's Foundation supporting research, the Foundation identifies research priorities areas that reflect the pressing needs to support work within the organization. At this time, the key research objectives will focus on evidence regarding the value of hearing screening (related to the USPSTF recommendation) and evidence about patient safety and direct access to audiology services.

These two topic areas have been identified as *priority* areas of focus but not to limit the award only to one of the areas. There is ongoing consideration for innovation and reflection that other might identify a more emergent priority need for research.
